Pursuant to Regulation 103-164 applications are to state clearly and concisely the justification for the proposed suspension of service.

**Reason for Request for Suspension of Operations:**

Our moving truck is down for the second time and needs another engine and we cannot afford to get it replaced again. We are trying to cut our expenses because of this and we need to cancel our insurance policies for the moving truck, cargo and general liability. We are also in the process of selling our storage facility.
